EDUCATION

Wilkes University – Jay S. Sidhu School of Business & Leadership

Wilkes-Barre, PA

Bachelor of Business Administration (BBA), Minor in Business Analytics

August 2024 – May 2028

AACSB-Accredited | Cumulative GPA: 3.00 | Dean's List: Fall 2024 (3.53)

Relevant Coursework: Managerial Economics; Introduction to Finance; Business Analytics; Professional & Personal Development

Specialized Business Project

- Directed a \$1,000 startup fund end-to-end: modeled P&L in Excel, executed go-to-market strategy, sold out 75 units within one month, and donated 100% of net profits to The Salvation Army
- Performed competitive market research and consumer trend analysis to support product positioning and pricing decisions

PROFESSIONAL EXPERIENCE

SupplyHouse.com

Remote

Demand Planning Intern

June 2026 – August 2026

- Support demand planning for 40 plumbing supplier brands spanning 9,245+ SKUs across A- and B-tier suppliers, analyzing weekly forecast proposals and product-level exceptions in RELEX to inform replenishment decisions
- Manage exception review and forecast analysis across a high-complexity SKU portfolio — including high-volume brands such as Nibco (1,015 SKUs), Brasscraft (1,011), and Jones Stephens (964) — identifying demand signal discrepancies and escalating supply risk to Team Leads
- Develop hands-on proficiency in supplier management processes by tracking forecast inputs, coordinating demand data, and analyzing how forecasting decisions propagate through inventory positioning and downstream fulfillment
- Collaborate directly with Demand Planning Team Leads to interpret exception data, align on replenishment priorities, and build understanding of how operational decisions connect supplier lead times to in-stock performance

MYLS AI

Remote

Growth Intern

October – December 2025

- Managed content planning and performance analysis across Instagram, TikTok, X, and Reddit; tracked engagement KPIs to identify growth-driving content and optimize distribution strategy for an early-stage AI startup
- Conducted audience research to surface niche communities; coordinated with micro-influencers to expand brand reach and visibility
- Applied AI analytics tools to measure campaign performance and deliver actionable insights to the founding team

Fox Pool Management

Newton, PA

Area Manager

May – August 2025

- Directed 20+ seasonal employees across 10 pool locations, managing scheduling, logistics, inventory, and emergency response protocols simultaneously
- Served as primary liaison between property managers, staff, and senior leadership; resolved operational conflicts and maintained service consistency across all sites
- Designed and implemented operational SOPs to standardize accountability across a distributed, multi-site team

ENTREPRENEURIAL VENTURES

The Analyst's Edge

Remote

Founder & Editor

2026 – Present

- Founded and independently produce a weekly newsletter covering AI applications, business analytics, financial technology, and operations strategy for early-career business professionals
- Grown to 335+ LinkedIn subscribers with nearly 2,000 impressions; synthesize industry reports, AI developments, and emerging technology trends into practical, career-relevant insights
- Demonstrate independent research, analytical communication, and applied market awareness by translating complex AI and business topics into actionable frameworks for a professional student audience

PROFESSIONAL DEVELOPMENT

Goldman Sachs – Forage

Virtual

Operations Job Simulation

February 2026

- Identified trade settlement discrepancies and asset transfer issues for high-net-worth clients; coordinated resolution strategies across Trading, Compliance, and Operations with attention to regulatory controls and transaction timing

Goldman Sachs – Forage
Risk Management Job Simulation

Virtual
January 2026

- Conducted credit risk assessments using quantitative analysis of income, debt ratios, credit history, and liquidity; modeled variable sensitivity and developed risk mitigation recommendations grounded in financial data

Greenwood Project
FinTech Academy Scholar

Remote
January 2026 – Present

- Selected for a competitive year-long FinTech Academy; engage weekly in applied workshops covering risk management, data analytics, blockchain applications, and financial technology infrastructure
- Developing executive presence, stakeholder communication, and professional positioning through structured coaching, mentorship, and industry exposure within financial services

CERTIFICATIONS

Introduction to AI – Google | March 2026 | Credential ID: 3RBC7CVS65CZ

- Foundations of machine learning, supervised/unsupervised learning, and AI applications in data analysis, automation, and business decision-making; responsible AI principles including bias mitigation and ethical deployment

Introduction to Claude Cowork – Anthropic | March 2026 | Credential ID: 3ijc4wepkp5

- Applied prompt-based AI and agentic workflow tools to automate business processes and improve operational efficiency; practical exposure to LLM tools in professional contexts

LEADERSHIP & ACTIVITIES

Wilkes University
NCAA Division III Wrestling – 125 lbs.

Wilkes-Barre, PA
August 2024 – Present

- Compete at the Division III level while maintaining full academic course load; commit 20+ hours/week to practice, travel, and competition
- Mentor teammates and model accountability, resilience, and continuous performance improvement

Wilkes University
Future Business Leaders of America (FBLA)

Wilkes-Barre, PA
